Why don't you
Join our club ?

We're training hard to be stronger. Continuous training will make us tougher in both physical and spiritual power. Moreover it's even possible to obtain BLACK belt within 2 years after the serious effort.

People without any athletic experience are welcomed. We can lend you karate dogi (karate costume) for beginners.

All you need to do is to come and see us.

Enjoy the most valuable experience while you're in Japan.
